In 2003, PNMC began giving scholarships to local high school seniors that were continuing their education and pursuing a career in health care. Six scholarships in the amount of one-thousand five hundred dollars (\$1,500.00) each will be awarded to six high school seniors attending a school in the Yamhill service area. Applicants must have intentions to continue their education and pursue a health care career directly after high school. Preferences in scholarship awards will be given to students who have performed volunteer work for any hospital, or clinic, which is a part of Providence Health & Services or for other health care systems. Consideration will also be given to students whose parent, or legal guardian, is employed by PNMC.

Scholarships are presented at a meeting of our Administrative Council and scholarship committee, at PNMC, following the scholarship recipient announcement. A formal presentation of the award will be made at the recipient’s end-of-year high school awards program. Each recipient must submit a W4 form (will be mailed if selected) before payment can be processed, as required by the IRS.
